

business bitching at millennium

So you're looking for a fun volunteering and team building event that's not like most?

We've got you!

Our good friends over at Millennium Hotels and Resorts have set up a super fun event based around our Business Bitching model, for up to ten of your team at a time.

what is it?!

You'll come along and settle into the venue kitchen to bake something delicious with the help of one of their very clever pastry chefs. There will be 3 or 4 recipes to choose from with all the ingredients and implements ready to go, and you can decide whether this will be a mini team challenge or one for the whole group to complete together.

While the treats are baking, you'll relax with some snacks and drinks - you might like to discuss how to encourage small acts of everyday kindness in your workplace.

Once the baking is ready, you'll quality check it and then pack it up to be delivered to one of our recipient organisations. (We'll organise this part.) You can decorate the boxes and include a note from your team on the back of our ingredients flyer to personalise the treats a little.

the details
